40# Natural Block

Bongards® Premium NATURAL CHEESE BLOCKS

Bongards® Cheese Blocks provide premium quality and exceptional performance.

- Crafted using Bongards farmers' milk
- Made with milled curd for improved performance and enhanced flavor
- Consistent quality and taste, batch after batch
- Easy-open cases for operational efficiency
- Offered in five popular varieties

Easy-Open Cases

Milled vs. Stirred: What's the Difference?

Milled curd knits and ages quickly and more completely, enhancing flavor and improving performance when shredding, slicing, or chunking the cheese blocks. This type of cheese making closely replicates the old school method and is used to make the majority of Bongards cheese blocks. Stirred curd is continually stirred throughout the production process, so the finished blocks knit and age slower.
